LOGNOTE - Chief, Operations Group, 19 December 1985

1. (Lowcock) [ ] PMCD, called today with several items of news. The first is that PMCD again has two outside applicants in processing as possible replacements for him. Once there is definite word on when they will be on board a date can be set for Norm's rotation to FBIS. Norm also advised that he had just completed a memorandum to the Chief, PMCD recommending the establishment of a GS-13 Chief Editor position in Panama. A decision on this is expected from the classifiers early in the new year. Based on his recent Panama TDY, Petersen has graded the second admin assistant position at the bureau as an FBN-8. The senior admin assistant had already been rated by PMCD as an FBN-9.
